ADOPTION OF THE PLAN	34

INTRODUCTION

The University of North Carolina adopted an Optional Retirement Program effective January 14, 1972. That Program was implemented pursuant to Internal Revenue Code (IRC) Section 403(b), requiring both employer and participant contributions.

Effective July 1, 1985, the Optional Retirement Program substantially remained the same except for the operative provisions of the IRC under which it was to qualify. As of said July 1, 1985, the plan was amended to comply with IRC Sections 403(a) and 414(h). The plan was subsequently amended and restated effective July 1, 1989.

The amended and restated money purchase plan herein contained incorporates amendments, effective July 1, 1994, to the earlier plan provisions, rather than constitutes a replacement to such plan. The plan provisions in effect immediately prior to these July 1, 1994 amendments but modified by Section 6.02 of this amended and restated Plan shall remain in effect for those Participants who are not actively employed by the participating Employing Institutions at any time after July 1, 1994. The assets held under the Contracts shall continue to be held pursuant to the Plan as herein amended.

It is intended that this amended and restated Plan, together with the Contracts, meet all the requirements of the Internal Revenue Code of 1986 ("IRC"), as amended, and the Plan shall be interpreted, wherever possible, to comply with the terms of the IRC and all formal regulations and rulings issued under the IRC and amendments thereto.

Effective July 1, 1994, the Plan as amended and restated has the terms and provisions hereinafter set forth.

ARTICLE I

- 1.03 Annual Additions means for any Employee in any Limitation Year, the sum of (a) Contributions made by the Employing Institution, (b) Contributions made by the Employee and (c) such other amounts as may be applicable pursuant to IRC Sections 415(c)(2) and 419(e).

Compensation shall exclude extraordinary compensation such as the imputed value of group life insurance and any University Contributions to this or any other employee benefit program.

1.06(a) Effective for Plan Years commencing on or after July 1, 1989, in no event shall Compensation during a Plan Year exceed two hundred thousand dollars (\$200,000) or such other adjusted amount as may be determined by the Secretary of the Treasury pursuant to IRC Section 401(a)(17), provided that the increase determined as of any January 1 of a calendar year by the Secretary of the Treasury shall be effective for Plan Years beginning in such calendar year. If the adjusted two hundred thousand dollar (\$200,000) limit is exceeded, as a result of the application of such rules, then the limitation shall be prorated among the affected individuals in proportion to each such individual's Compensation as determined under this Section prior to the application of the limit.

- 1.06(c) Notwithstanding subsections 1.06(a) and (b), in the case of an "Eligible Participant", the dollar limitation herein provided in subsection 1.06(b) shall not apply to the extent the amount of Compensation which is allowed to be taken into account under the Plan would be reduced below the amount which was allowed to be taken into account under subsection 1.06(a) as in effect on July 1, 1993.

ELIGIBILITY AND PARTICIPATION

2.01 Eligibility -

- 2.01(a) Those participating in the Optional Retirement Program immediately prior to July 1, 1985, under the provisions of Chapter 338, session Laws of 1971, are deemed automatically enrolled in the Program as provided hereunder.
- 2.01(b) Eligible Employees initially appointed on or after July 1, 1985, shall at the same time of entering upon eligible employment elect (i) to join the Retirement System in accordance with provisions of law applicable thereto or (ii) to participate in this Optional Retirement Program. This election shall be made in writing and shall be filed with the Retirement System and with the Employing Institution and shall be effective as of the date of entry into eligible service.
- 2.01(c) An election to participate in the Optional Retirement Program shall be irrevocable. An eligible Employee failing to elect to participate in the Optional Retirement Program at the time of entry into eligible service shall be enrolled automatically as a member of the Retirement System. The application of such irrevocable election under circumstances in which a Participant's employment relationship with The University of North Carolina has been severed shall be made pursuant to rules established by The University. Such rules shall be applied and administered for all Participants in a uniform and nondiscriminatory manner. Further, any such

rule shall not be inconsistent with the requirements of the Teacher's and State Employee's Retirement System (TSERS).

2.01(d) No election by an eligible Employee of the Optional Retirement Program shall be effective unless it is accompanied by an appropriate application for the issuance of a Contract or Contracts or trust participation under the Program.

2.02 Participation - Each person who becomes a Participant shall remain a Participant as long as he remains an Employee, or he is entitled to future benefits under the terms of the Plan.

2.03 Beneficiary Designation - Upon commencing participation, each Participant shall designate a Beneficiary on forms furnished by the Plan Administrator or its delegate. Such forms shall be maintained in files held by the Plan Administrator or its delegate. From time to time, the Participant may change his Beneficiary by written notice to the Plan Administrator or its delegate. Upon such change, the rights of all previously designated Beneficiaries to receive any benefits under this Plan shall cease.

If no duly designated Beneficiary exists at the date of death of the Participant, or if the Beneficiary designated has died prior to the death of the Participant, or if the Participant has revoked a prior designation in writing filed with the Plan Administrator without having filed a new designation, then any death benefits which would have been payable to the Beneficiary shall be payable to the Participant's spouse, if living; if not living, equally to the Participant's children; or if none survive, then to the Participant's estate.

To the extent a Participant's interest in this Plan is invested in a Contract issued by an Insurance Company and such Contract shall have

Beneficiary designation and/or payment procedures which shall be inconsistent with this Section 2.03, such Contract provisions shall apply so long as they will not affect the qualified status of the Plan.

2.04 Notification of Individual Account Balance - After the close of each Plan Year or more frequently as determined by the Plan Administrator, the Plan Administrator or its delegate shall notify each Participant of the amount of his share in the Adjustments and Contributions for the Plan Year (or other period) just completed and of the new balance of his Individual Account.

ARTICLE III
CONTRIBUTIONS AND ALLOCATIONS

3.01 Individual Accounts - The Plan Administrator or its delegate shall establish and maintain an Individual Account comprised of a University Account and an Employee Account in the name of each Participant to which the Plan Administrator or its delegate shall credit all amounts allocated to each such Participant pursuant to the following Sections of this Article III.

To the extent authorized or required under the Optional Retirement Program, the State of North Carolina and the Participant shall contribute toward the purchase of Contracts or deposit such contributions in a trust (if applicable) on the Participant's behalf.

Separate accounts shall be maintained for all inactive Participants who have an interest in the Plan. Such separate accounts shall not require a segregation of the Investment Fund assets and no Participant shall acquire any right to or interest in any specific asset of the Investment Fund as a result of the allocations provided for in the Plan. All allocations shall be made as of the Valuation Date referred to in this Article III.

3.02 University Contributions - Each Employing Institution of The University shall contribute on behalf of each Participant in the Optional Retirement Program an amount equal to a percentage of the Participant's Compensation, such percentage being established from time to time by the General Assembly of North Carolina.

3.03 Employee Contributions - Each Participant shall contribute the amount which he or she would be required to contribute if a member of the Retirement System. Consistent with IRC Section 414(h), Contributions

authorized or required by the provisions of this section on behalf of each Participant shall be made by salary reduction according to rules and regulations established by The University.

- 3.04 Voluntary TSA Contributions - Additional personal contributions may also be made by a Participant by such payroll deduction or salary reduction to an annuity or retirement income plan established pursuant to G.S. 116-17 and applicable policies of the Employing Institution. Such contribution shall be made pursuant to IRC Section 403(b) and shall be considered outside the scope of this Plan. Payment of Contributions shall be made by the Employing Institution of The University to the designated company or companies underwriting the annuities for the benefit of each Participant.
- 3.05 Allocation of Adjustment - The Insurance Company shall determine the investment gains and losses under the Contract(s) for the period elapsed since the last preceding Valuation Date. Such Adjustment shall be allocated to accounts of all then Participants who are then maintaining a credit balance in their Individual Account, in relation to that portion of their Individual Account attributable to their University Account and to their Employee Account. The allocation shall be made separately within the Investment Funds on the basis of the ratio between each Participant's Individual Account invested in the Investment Fund and the total of all Participants' Individual Accounts invested in the Investment Fund at the Valuation Date. The Plan Administrator shall have the right to oversee the accounting to ensure that each Participant's allocation is properly credited or debited, as the case may be, to his University Account and his Employee Account.

To the extent a Participant's interest in this Plan is invested in a Contract issued by an Insurance Company and such Contract shall have

an allocation procedure which shall be inconsistent with this Section 3.05, such Contract provision shall apply so long as it will not affect the qualified status of the Plan.

3.06 Equitable Allocations - Should the Plan Administrator determine that the strict application of the accounting procedures utilized in the administration of the Plan will not result in an equitable and non-discriminatory allocation among the accounts of Participants, it may modify the procedures for the purpose of achieving an equitable and non-discriminatory allocation in accordance with the general concepts of the Plan and the provisions of this Article.

3.07 Maximum Additions - Anything herein to the contrary notwithstanding, the total Annual Additions made to the Individual Account of a Participant for any Limitation year commencing on or after July 1, 1985, when combined with any similar Annual Additions credited the Participant for the same period from another qualified Defined Contribution Plan maintained by the Employing Institution, shall not exceed the lesser of subsection 3.07(a) or subsection 3.07(b) following:

3.07(a) Thirty thousand dollars (\$30,000) or such larger amount as may be allowed under regulations issued pursuant to IRC Section 415(d); and

3.07(b) Twenty-five percent (25%) of the Participant's total non-deferred compensation received from the Employing Institution for such Plan Year. For purposes of this paragraph, "compensation" shall mean a Participant's earned income, wages, salaries, fees for professional service, and other amounts received for personal services actually rendered in the course of employment with an Employing

Institution maintaining the Plan (including, but not limited to, commissions paid salesmen, compensation for services on the basis of a percentage of profits, commissions on insurance premiums, tips, and bonuses) and excluding the following:

- (i) Employer contributions to a plan of deferred compensation to the extent such contributions are not included in gross income of the Employee to a Simplified Employee Pension plan and to the extent such contributions are deductible from a plan of deferred compensation whether or not includable in the gross income of the Employee when distributed;
- (ii) Amounts realized from the exercise of a non-qualified stock option, or realized when restricted stock (or property) held by an Employee becomes freely transferable or is no longer subject to a substantial risk of forfeiture;
- (iii) Amounts realized from the sale, exchange, or other disposition of stock acquired under a qualified stock option; and
- (iv) Other amounts which receive special tax benefits, or contributions made by an Employing Institution (whether or not under a salary reduction agreement) towards the purchase of a 403(b) annuity contract (whether or not the contributions are excludable from the gross income of the Employee).

Compensation for any Limitation Year is the compensation actually paid or includible in gross income during such year.

In the event a Participant is covered by one or more other Defined Contribution Plans maintained by the Employing Institution, the maximum Annual Additions under this Plan shall be decreased to the extent determined necessary by the Employing Institution, prior to the reduction of such other Defined Contribution Plan, to ensure that all such plans will remain qualified under the IRC.

In the event that as of any Valuation Date corrective adjustments in the Annual Addition to any Individual Account is required pursuant to this Section 3.07, the Employee Account shall be first reduced by the amount required to ensure compliance with this Section 3.07, and then the University Account. Any amounts consequently withheld or taken from a Participant's Individual Account shall be segregated in the Fund in a separate account and applied toward the Contribution of the University for the next Limitation Year.

3.08 Multiple Plan Participation - If a Participant is also a participant of a Defined Benefit Plan maintained by The University, the sum of his defined benefit plan fraction and his defined contribution plan fraction for any Limitation Year may not exceed 1.0.

For purposes of maximum Annual Additions to Defined Contribution Plans and maximum annual benefits payable from Defined Benefit Plans, all Defined Contribution Plans and all Defined Benefit Plans, whether or not terminated, shall be combined and treated as one (1) plan.

For purposes of this Section 3.08, the term "defined contribution plan fraction" shall mean a fraction the numerator of which is the sum of all of the Annual Additions to the Participant's Individual Account under this Plan as of the close of the Limitation year and the

denominator of which is the sum of the Lesser of the following amounts determined for such Limitation Year and for each prior Limitation Year of employment with the Employing Institution:

- 3.08(a) the product of 1.25 multiplied by the dollar limitation in effect under subsection 3.07(a) for such year determined without regard to IRC Section 415(c)(6); and
- 3.08(b) the product of 1.4 multiplied by an amount determined pursuant to subsection 3.07(b) with respect to each individual under the Plan for such Limitation Year.

For purposes of this Section 3.08, the term, "defined benefit plan fraction" shall mean a fraction the numerator of which is the Participant's projected annual benefit (as defined in the said defined benefit plan) determined as of the close of the Limitation Year and the denominator of which is the lesser of:

- 3.08(c) the product of 1.25 multiplied by the dollar limitation in effect pursuant to IRC Section 415(b)(1)(A) for such Limitation Year; and
- 3.08(d) the product of 1.4 multiplied by the amount which may be taken into account pursuant to IRC Section 415(b)(1)(B) with respect to each individual under the Plan for such Limitation Year.

The limitation on aggregate benefits from a Defined Benefit Plan and a Defined Contribution Plan which is contained in Section 2004 of ERISA, as amended, shall be satisfied by a reduction (if necessary) in the Participant's benefits under the Defined Benefit Plan(s) (in accordance with the provisions of the said plan(s)) before a reduction of any Defined Contribution Plan.

ARTICLE IV
DISTRIBUTIONS

4.01 Vesting - If any Participant having less than five (5) years of Eligible Service under the Optional Retirement Program ceases employment with an Employing Institution and either Retires or proceeds to employment with a Subsequent Employer and the Participant does not Timely Enroll in a Like Retirement Plan as the Participant's Core Retirement Plan and initiate contributions under one or more annuity contract(s) of underwriting insurance companies previously subscribed or available under the Optional Retirement Program, those Optional Retirement Program Individual Account balances attributable to Contributions by the Employing Institution shall be forfeited and paid over to the State of North Carolina as provided by law.

4.06(c). A Participant who terminates employment and who is not vested pursuant to Section 4.01 but who Timely Enrolls in a Like Retirement Plan shall receive an annuity contract(s) in his name if the conditions for nonforfeiture set forth in Section 4.01 are met.

4.06(c) Optional Form - In lieu of receiving payment in accordance with subsection 4.06(b), a Participant, Former Participant, or Beneficiary may elect in writing to receive his distribution in any optional form of payment provided by the Contract(s).

4.07 Maximum Option Payable - If a Participant elects to have his benefit paid under an optional form of payment and the designated Beneficiary is not the spouse of the Participant, the option elected shall be restricted so that the maximum distribution incidental benefit requirements of IRC Section 401(a)(9) and Treasury Regulation 1.401(a)(9)-2 are met.

4.08 Benefits to Minors and Incompetents - If a person entitled to receive payment under the Plan is a minor, the Plan Administrator, in its discretion and not inconsistent with any underlying annuity contract, may dispose of such amount in any one or more of the following ways:

4.08(a) by payment thereof directly to such minor;

4.08(b) by application thereof for the benefit of such minor;

4.08(c) by payment thereof to either a parent of such minor or to any adult person with whom such minor may at the time be living or to any person who shall be legally qualified and shall be acting as guardian of the person or of the property of such minor; provided only that the parent or adult person to whom any amount shall be paid shall have advised the Plan

Administrator in writing that he will hold or use such amount for the benefit of such minor.

If it is found that a person entitled to receive payment under the Plan is physically or mentally incapable of personally receiving and giving a valid receipt for any payment due (unless prior claim therefor shall have been made by a duly qualified committee or other legal representative), such payment may be made to the spouse, son, daughter, parent, brother, sister, or other person deemed by the Plan Administrator to have incurred expense for such person otherwise entitled to payment.

4.09 Payment of Benefits - If a portion of a Participant's Individual Account shall become due and payable pursuant to Article IV, and the Participant, in accordance with the provisions of the Plan, has not elected otherwise, any payment of benefits or commencement thereof to the Participant shall begin not later than sixty (60) days after the close of the Plan Year in which occurs the latest of:

- 4.09(a) the Participant's having attained his normal retirement age as defined in Section 4.02;
- 4.09(b) the tenth (10th) anniversary of the year in which the Participant commenced participation in the Plan; and
- 4.09(c) the termination of service of the Participant.

Notwithstanding anything contained herein to the contrary, the Plan shall in all events commence distribution of the interest of each Participant in accordance with Section 4.06 not later than April 1 of the calendar year following the calendar year in which the Participant attains age seventy and one-half (70 1/2), or in the calendar year in which he retires, whichever is later, but in all instances distribution shall occur in accordance with IRC Section 401(a)(9), including the

minimum distribution incidental death benefit requirements of IRC regulation 1.401(a)(9)-2. The life expectancy of an Employee and the Employee's spouse (other than for a life annuity) may be redetermined annually at the Employee's election.

4.10 Loans - Upon written application of an Eligible Participant, the Plan Administrator may direct that a loan from the Investment Fund be made to the Eligible Participant. The loan shall be subject to such conditions as the Plan Administrator may establish. For purposes of this Section 4.10 "Eligible Participant" means a Former Participant who has become reemployed by an Employing Institution and who may borrow from his Individual Account as permitted by the Former Participant's subsequent employer and the Insurance Company(ies). The term "Eligible Participant" shall not include current active Participants (other than those described in the preceding sentence) and Former Participants who have Retired.

The terms and conditions for such loans shall follow the loan policy as adopted by the Plan Administrator.

ARTICLE V

FUNDING

- 5.01 Contributions - Contributions by the Employing Institution and by the Participants as provided for in Article III shall be paid over to the Insurance Company and/or Trustee. All Contributions by the Employing Institution shall be irrevocable, except as herein provided, and may be used only for the exclusive benefit of the Participants, Former Participants, and their Beneficiaries.
- 5.02 Investment Fund - The Board of Governors of The University of North Carolina shall designate the Insurance Companies from which Contracts are to be purchased or the Trustee responsible for the investment of contributions under the Optional Retirement Program and shall approve the form and contents of such contracts or Trust Agreement. In making this designation and giving such approval, the Board shall give due consideration to the following:
- 5.02(a) the nature and extent of the rights and benefits to be provided by these contracts or trust agreement for Participants and their Beneficiaries;
 - 5.02(b) the relation of these rights and benefits to the amount of contributions to be made;
 - 5.02(c) the suitability of these rights and benefits to the needs of the Participants and the interest of the institutions of The University of North Carolina in recruiting and retaining faculty in a national market; and
 - 5.02(d) the ability of the designated Insurance Company or Companies underwriting the annuity contracts or Trust Agreement to provide these suitable rights and benefits under such contracts or trust agreement for these purposes.

Notwithstanding the provisions of this Section, no contractual relationship established under the Optional Retirement Program pursuant to the authority granted by Chapter 338, North Carolina Session Laws of 1971, is deemed terminated by the provisions of this Plan.

ARTICLE VI

AMENDMENT AND TERMINATION OF THE PLAN

6.01 Amendment of the Plan - The Board shall have the right at any time by action of the Board to modify, alter, or amend the Plan in whole or in part; provided, however, that the duties, powers, and liability of the Insurance Company(ies) or Trustee hereunder shall not be increased without its written consent; and provided, further, that the amount of benefits which at the time of any such modification, alteration, or amendment shall have accrued for any Participant, Former Participant or Beneficiary hereunder shall not be adversely affected thereby; and provided, further, that no such modification, alteration, or amendment shall have the effect of revesting in The University any part of the principal or income of the Investment Fund.

6.02 Termination of the Plan - The University expects to continue the Plan indefinitely, but continuance is not assumed as a contractual obligation and The University reserves the right at any time by action of the Board of Governors to terminate the Plan. If The University terminates or partially terminates the Plan or discontinues authorization of Contributions at any time, each Participant affected thereby shall be then vested with the amount credited in his Individual Account.

In the event of termination of the Plan by The University, the Plan Administrator or its delegate shall value the Investment Fund as of the date of termination. That portion of the Investment Fund applicable to any Employing Institution of The University for which the Plan has not been terminated shall be unaffected. The Individual Accounts of the Participants, Former Participants, and Beneficiaries affected by the termination, as determined by the Plan Administrator or

its delegate, shall continue to be administered as part of the Investment Fund or distributed to such Participants, Former Participants, or Beneficiaries pursuant to Section 4.06.

The return of any Contribution to the Employing Institution by the Trustee or Insurance Company shall be made within one (1) year after
