IMPORTANT REMINDERS

-  The tobacco attestation is no longer a requirement to lower your premium.
-  The subscriber's salary will determine the amount you pay for your monthly premium. That amount will be displayed online when you complete your enrollment.
-  There have been increases to the deductibles and copays for both plans.
-  Preventive Services and medications remain covered at 100%—so no copay or deductible on either plan.
-  The Clear Pricing Project will be evolving into Preferred Providers. Members who select and visit Preferred Providers will enjoy a lower copay.
-  NEW surgical benefit through Lantern is now offered to Plan members. Visit a Lantern provider and receive a pre-planned surgery at no cost as part of your Plan benefits. All members will be receiving a Lantern ID card with more information in the mail soon!
