Voluntary life insurance coverage available

The death of a loved one can affect every aspect of an individual’s life. Not only is it emotionally devastating, but suddenly, everyday expenses are much harder to afford. Planning ahead by selecting the right life insurance option is the first step to protecting and preparing your family for whatever is ahead.

There are certain times in which you can enroll for coverage in the UNC voluntary life plan without answering health questions. Below is a summary of those options.

To apply for coverage in excess of what’s outlined below, you’ll answer three questions about your health history – along with height and weight. Applicants previously declined for coverage will be required to answer the health questions. Please refer to the next page for a full list of your life insurance coverage options.

Within 31 days of initial eligibility

- Employee: One to three times your base annual earnings, not to exceed $500,000
- Spouse/domestic partner: $50,000
- Child: $10,000
  - Health questions are never required for child coverage

During each annual enrollment and within 31 days of a family status change

- Employee: Currently enrolled may increase your existing coverage by one times your base annual earnings; not to exceed a new total of three times your base annual earnings or $500,000
- Spouse/domestic partner: Currently enrolled may increase your spouse/domestic partner existing coverage by one increment; not to exceed a new total of $50,000

Need additional coverage?

If you need more than the guaranteed issue amount noted above, you may elect additional coverage for you and your spouse/domestic partner by submitting evidence of insurability.

Initial eligibility refers to the first time a person is eligible for coverage. For you, the employee, this is when you’re hired and become eligible for benefits. For your spouse/domestic partner, it’s when you become eligible for benefits or within 31 days of a new marriage.

If you do not enroll when first eligible, you are considered a late entrant and evidence of insurability is required for all requested coverage.

Frequently asked questions

Q. What is term life and AD&D insurance?

A. Group term life insurance provides a cost-effective way to prepare for the unexpected by adding an extra level of protection during your working years. Your loved ones may benefit from life insurance to cover medical bills, funeral costs and estate management expenses. It can also be a critical resource in helping with your family’s ongoing expenses.

Accidental death and dismemberment (AD&D) insurance provides additional financial protection in the event that a covered accident results in an insured person’s loss of life, hearing, sight, paralysis and more.

Q. Do I have to answer health questions?

A. Enrolling for coverage other than what is outlined on page one will require that you answer three questions about your health history, along with height and weight. Based on your answers, it will be determined whether anything further is needed to make a decision to approve or decline the application. If by any chance your application is not approved, you will still get any coverage that didn’t require the health questions and it will not affect any coverage you already have.

Q. Can I take my coverage with me if I leave UNC?

A. You can continue to be insured with Securian beyond active employment without answering health questions. Premiums are generally higher than those paid by active employees.

Q. Can I receive my life insurance benefit now?

A. Here’s how it works. As part of your group life insurance policy, you may be able to access some of your benefit now — to help cover medical bills or pay other living expenses if you’re terminally ill. The accelerated death benefit feature provides advance payment of the death benefit if you’ve been diagnosed with a terminal condition and your life expectancy is 12 months or less.
