Welcome to Open Enrollment
October 11-29, 2021
It’s time to choose your 2022 benefits

Open Enrollment is your once-a-year chance to review your benefit options and make changes to your coverage. See inside to find out what you need to know and do for your 2022 State Health Plan and NCFlex benefits.

Need help choosing your benefits?
We’re here for you. The University of North Carolina System provides materials (like this enrollment guide) along with other tools and resources to help you understand your options so you can make informed choices. To get started, go to https://myapps.northcarolina.edu/hr/benefits-leave/annual-enrollment/.

If you are a non-permanent employee working 30 or more hours per week, you may enroll for medical benefits provided by the State Health Plan at the same time as other UNC System employees (October 11-29). Look for information from your employer outlining the details and costs associated with the medical plan option offered to you and your family. Information about medical coverage in this guide does not apply to you.
What You Need to Know for 2022

Good News!

- For the fourth year in a row, there will be no increase to health plan premiums!
- No significant changes to health plan design. Review the plan summaries on [www.shpnc.org](http://www.shpnc.org) for the most up-to-date plan details.
- The State Health Plan’s Clear Pricing Project (CPP) is continuing for 2022. If you select a CPP provider as your Primary Care Provider, you’ll enjoy a $0 copay! Plus, you’ll have reduced copays when you visit a CPP specialist.

Here are some things to keep in mind (changes are highlighted in red):

- If you are currently enrolled in health coverage under the State Health Plan and you don’t take action, you and your covered dependents will be enrolled in the 70/30 Plan for 2022.
  - If you want to participate in the 80/20 Plan in 2022, be sure to enroll during Open Enrollment.
  - If you want to reduce your monthly premium in either Plan, you must complete the tobacco attestation by October 29, 2021.
    » The 70/30 Plan will have a $25/month employee-only premium if you complete the tobacco attestation.
    » The 80/20 Plan will have a $50/month employee-only premium if you complete the tobacco attestation.
- Dental premiums are increasing.
- The Flexible Spending Accounts (FSAs) require re-enrollment every year, so if you want to participate in either or both of the FSAs, you must make your election during Open Enrollment:
  - The Health Care FSA maximum annual contribution is $2,750.
  - The Dependent Day Care FSA maximum annual contribution is $5,000.
  - Any unused 2021 Health Care FSA funds up to $550 will be rolled over into the 2022 plan year as long as you have a minimum balance of $25. Any funds exceeding this amount will be forfeited. **Note:** If you do not re-enroll in the FSA for 2022, you may still use these rollover funds during 2022.
  - You have until March 31, 2023, to file for reimbursement of Health Care FSA expenses incurred for the 2022 plan year (January 1 through December 31).
  - You have until March 15, 2023, to incur expenses against your 2022 Dependent Day Care FSA and March 31, 2023, to file the expenses for reimbursement.
  - You can use the NCflex Convenience Card to pay for eligible expenses for both the Health Care FSA and the Dependent Day Care FSA.

• When electing coverage, you cannot be covered as an employee and a dependent under the SHP and NCFlex plans. Additionally, when you and your spouse are covered as employees, only one may cover eligible dependent children.

• If you aren’t currently enrolled in vision coverage, you can enroll in the Core Vision Plan at no cost.
  – This coverage provides a wellness exam for $20 plus discounts on materials.

• You are eligible for $10,000 of Core AD&D Insurance at no cost to you, but you must enroll to have coverage.
  – If you’ve already enrolled, you don’t need to re-enroll.

• A new voluntary life insurance option coming soon.
  Early in 2022, the UNC System will offer a new voluntary life insurance option through Securian, which includes AD&D coverage at no additional charge for employee-only coverage and other benefit options, all at affordable rates. Watch for more details about this coverage and your opportunity to enroll in February for coverage effective April 1, 2022.

Important! You may want to consider opting out of your current employee-only voluntary AD&D coverage offered through NCFlex during this year’s Open Enrollment and enrolling in the new voluntary life insurance and AD&D option in February since the new option offers AD&D coverage at no additional cost for employee-only coverage. If you don’t opt out of your current voluntary AD&D coverage and choose to enroll in the new plan option in February, you won’t be able to cancel your current AD&D coverage until next Open Enrollment unless you experience a change in family status or other qualifying event. For more information, visit https://myapps.northcarolina.edu/hr/benefits-leave/annual-enrollment/.

• New provider for Voluntary Life and AD&D Plan for NC State University, UNC Chapel Hill, UNC Greensboro, UNC Health, UNC Press, and UNC System Office employees: If you are currently enrolled in the Voluntary Life and AD&D Plan through MetLife, your coverage will be moving from MetLife to Securian on January 1, 2022. There will not be changes to the current plan design but we’re pleased to announce a rate reduction of 12%. And don’t forget, if you are currently enrolled for coverage under this plan, you will be able to increase your coverage by one salary level (not to exceed the Guaranteed Issue, which is the lessor of three times your salary or $500,000) without providing Evidence of Insurability (EOI) during Open Enrollment. Also, if you did not enroll in the plan when first offered, you may elect coverage during this year’s Open Enrollment; however, you will need to provide EOI.
Focusing on Wellness Is Good for Your Physical Health and Your Wallet

The State Health Plan rewards you financially when you complete wellness-related activities.

**Tobacco Attestation Wellness Activity**

During Open Enrollment, if you complete the tobacco attestation, you earn a wellness premium credit that will reduce your monthly premium by $60 a month. (The wellness premium credit only applies to the employee-only premium.) By taking this simple step, you can save money in 2022! If you do not take action, you will pay a higher premium.

* Even if you completed the tobacco attestation during last year’s Open Enrollment, you must attest again during this year’s Open Enrollment period, which is October 11-29, 2021, to receive the $60 premium credit.

**Take Advantage of Health and Wellness Resources**

We are committed to helping you reach your best health. That’s why the plan provides the following resources—at no cost or a low cost to you:

- Disease and Case Management
- Nutrition and Weight Management
- Mental Health Resources
- Maternity Resources
- Tobacco Cessation Resources
- Personal Health Portal

To learn more about these resources, go [here](#) and click “Your Health Resources” under “Health and Wellness.”

**Attestation for Tobacco Users**

If you are a tobacco user, in order to receive a wellness premium credit, you must agree to visit a CVS MinuteClinic or your Primary Care Provider and complete at least one tobacco cessation counseling session by November 30, 2021.

After your tobacco cessation session, the provider will submit a claim on your behalf. To ensure you receive credit for your visit, you should upload your office visit summary to the “Document Center” located in eBenefits, the Plan’s enrollment system. Make sure to request a copy of your visit summary during your counseling session.
