Executive Summary

Following the UNC Policy Manual Sections 300.8.5 and 300.8.5[R], “Regulation on Diversity and Inclusion,” the constituent institutions of the UNC System are required to present to their Board of Trustees (BOT) an annual report on the institution’s diversity and inclusion (D&I) operations and activities. The following report highlights four critical areas as determined by UNC Policy.

In part one, we examine the impact of the institution’s diversity and inclusion (D&I) programs and activities concerning System-wide D&I metrics and institutional goals. For example, the UNC System has not deployed D&I metrics for member institutions to benchmark their achievements. So, in the report, you will see WCU activities linked to the established Strategic Plan, which the university adopted in 2021.

Part two of the report will focus on the number of positions and FTEs with D&I responsibilities, indicating the percentage of each associated with D&I obligations. For this report, we provide the consistent data supplied to the UNC system during the development of policy 300.8.5 and 300.8.5[R]. There have been no additional changes to our institutional structures regarding personnel since 2018.

Part three of the report focuses on accounting for institutional budget expenditures. D&I operations and activities are broken out by personnel and non-personnel costs and funding sources. Within these figures, you will find the aggregated personnel amounts that include salaries and fringe benefits, any portion of wages, and fringe benefits that non-state funds fund. Additionally, you see state-funded operating budget amounts and non-state-funded operating budget amounts.

Part four of the report focuses on signature D&I programs that serve a critical role in helping the institution accomplish its learning and D&I objectives and their purpose, including data on outcomes relevant to feedback and implementation. In addition, a sample of activities from each academic college is provided, along with applicable outcomes. Other areas of campus are also highlighted, such as Administration and Finance division, Student Affairs, and general campus collaborations.

Overall, WCU’s approach uses the inclusive excellence framework, emphasizing organization excellence. The alignment of all activities is framed on the strategic plan’s direction 3.0 (Inclusive Excellence). As evidenced in the activities highlighted, WCU is committed to ensuring our students, faculty, and staff are part of an institution that embraces them and accounts for their contributions.
In accordance with the UNC Policy Manual Sections 300.8.5 and 300.8.5[R], “Regulation on Diversity and Inclusion,” the constituent institutions of the UNC System are required to present to their Board of Trustees (BOT) an annual report on the institution’s diversity and inclusion (D&I) operations and activities.

Rev. 01-13-2021
PART 1: The impact of the institution’s diversity and inclusion (D&I) programs and activities with respect to System-wide D&I metrics and institutional D&I goals

The university has incorporated Inclusive Excellence goals in its Strategic Plan. This step has formalized our commitment and provided a road map for everyone on campus.

Strategic Direction 3.0 Inclusive Excellence

Institutional D&I Goal: Strategic Direction 3.1 - Broaden our commitment to diversity and inclusion by recruiting, retaining, and developing a diverse community.

- **Initiative 3.1.1:** Build a more diverse and inclusive student, faculty and staff community to provide an environment in which all can be successful academically and professionally.
- **Initiative 3.1.2:** Ensure that units comply with university policies on equity, non-discrimination, compliance, and equal employment opportunity to reflect our commitment to diversity and inclusion.

To advance Strategic Direction 3.1 the institution took a number of action steps.

1. **Diversity at WCU Video:** This recruitment video seeks to positively impact our hiring pool of applicants from diverse experiences, backgrounds, and skillsets. At the core of the video is the message that there is a place for you at Western Carolina University. You can view the video at [https://jobs.wcu.edu/](https://jobs.wcu.edu/)
2. **Diversity & Inclusion Search Committee Training Modules:** Introduction of six modules developed by The Academic Network, a top diversity training and development firm in higher education. The modules are available on-demand for all WCU staff and faculty. A current list of suggested actions based on this series is being vetted for future implementation.
3. **Black Faculty and Staff Assembly:** In partnership with the Office of Equality and Diversity Programs, faculty and staff established this employee resource group during 2020 and November 2020. The group held its first meeting on February 1, 2021.
4. **Preferred Name Policy:** This policy aligns WCU with its UNC system peers. More importantly, it provides the necessary guidance to the university community on how to process requests for the use of preferred names.

**Outcomes**

While data outcomes can be attributed to several factors, we feel confident that our initiatives impacted these outcomes.

- 24 (14.8%) of faculty and staff new hires, identified as racial/ethnic “minority.”
- WCU hired six new African American faculty in the 2020-2021 academic year.
- 1.6% increase in women workforce representation.

Institutional D&I Goal: Strategic Direction 3.2 - Support innovative and inclusive scholarship and teaching.

- **Initiative 3.2.1:** Ensure that diversity, equity, and inclusion are foundational aspects of educational offerings.
- **Initiative 3.2.2:** Provide ongoing, appropriate diversity professional development for faculty and staff.

To advance Strategic Direction 3.3 the institution took a number of action steps.

1. **Campus Climate Survey:** In the 2020-2021 academic year, we partnered with the Higher Education Research Institute to deploy our faculty, staff, and student Campus Climate survey.
2. **Culture in Conversation Series:** Six episodes online educational series sponsored by Student Government, Staff Senate, Faculty Senate, and The Office of Equality and Diversity Programs. The series explores various topics that help participants understand multiple aspects of Diversity, Equity, and Inclusion.
3. **National Coalition Building Institute (NCBI):** During the 2020–2021 period, NCBI provided professional development for faculty, staff, and student staff. Three new staff members participated in the Train-The-Trainer and are now fully integrated with the NCBI team.
Outcomes

- The campus climate deployment received a 28%, 41%, and 8% response rate.
- The culture in conversation series reached 227 participants.
- During 2020-2021, NCBI became virtual and the team spent the academic year transforming the program into a virtual modality. Currently, can to conduct the program virtually.

Institutional D&I Goal: Strategic Direction 3.3 - Support innovative and inclusive scholarship and teaching.

- Initiative 3.3.2: Develop and implement a robust university diversity and inclusion plan.
- Initiative 3.3.3: Establish unit diversity initiatives that align to the university diversity plan.
- Initiative 3.3.1: Administer a campus climate survey biannually and develop an action plan to address the results. Implement the recommendations of the Taskforce on Racism and report progress annually.

To advance Strategic Direction 3.3 the institution took a number of action steps.

1. Diversity Plan: The Blue-Ribbon Task Force was conceived in the spring of 2021. The Task Force is comprised 20-25 members representing faculty, staff, students, and community leaders. The Task Force is currently engaged in its work.

2. Diversity Initiatives: Various departments and units at the university have formal and informal inclusive excellence committees that assist their areas in formulating DEI strategies.

Outcomes

- Upon completion it’s work, the Blue-ribbon Task Force will deliver to the university recommendations in five key areas of the Inclusive Excellence framework. Curriculum and Scholarship, Infrastructure and Commitments, Equity-Access and Success, Community Partnerships and Institutional Climate and Belongingness.

- The work highlighted in this report is partly attributed to the formal and informal inclusive excellence committees that various departments and units have established at the institution.
### PART 2: The number of positions and FTEs with D&I responsibilities, indicating the percentage of each associated with D&I responsibilities

*Indicate the staffing provided to support the institution’s D&I program. This includes positions that have designated D&I-related work duties, whether centrally administered or located in various schools, colleges, or divisions. This report is not intended to capture portions of positions less than half-time (0.50 FTE) unless the part-time position is fully dedicated to D&I functions. It is recognized that many faculty and staff throughout the institution may spend some degree of effort on or contribute to institutional D&I activities, even though these activities do not represent the primary focus of their position; however, these should not be included in this report.*
