

Group A

Nelly rushes into your office exclaiming, “**Sandra Sluggeaux** slapped **Vivienne Vitriolica** in the break room!” Before you can respond, Nelly has rushed back out (presumably not to miss any of the action?)

Group B.

Janis Jaded was in the break room this morning chatting with (some would say flirting with) Matthew Maverick when Perry Pester approached to let her know that one of the Center’s research subjects was at the front desk with some questions. Janis made a face, gave a dramatic ‘sigh’ and asked what she wants. Perry said he didn’t know. You walk by the break room just as Janis replies, “Well, could you go and find out? I can’t be wasting my time with these people...” Perry walks past you heading back to the front desk, muttering under his breath, “Cuz it’s your <blanket-blank> job, <blank>.” Meanwhile, Janis is back to chatting/flirting with Matthew.
